SUMMARY

Incoming graduate student at Carnegie Mellon University, passionate about technology, lifelong learning, sports data, time series, and Bayesian computation. Excels in statistical computing, with a strong foundation in data structures and algorithms.

RESEARCH AND COLLABORATION EXPERIENCE

Middlebury College Department of Mathematics & Statistics

Statistical Consultant

Middlebury, VT

February 2026 - Present

- Collaborated and communicated with domain experts in ecology and land-resource management.
- Provided analyses on migration patterns for a potential Endangered Species.

Middlebury College Department of Mathematics & Statistics

Research Assistant

Middlebury, VT

May 2025 - August 2025

Adviser: Dr. Christian Stratton

- Conducted computational analysis of LC-MS metabolic data using MS-Dial and R to identify metabolites with distinct behavioral patterns in the oral biome.
- Collaborated on an interdisciplinary study at the intersection of biochemistry and statistics, applying algorithmic methods with potential applications of faster diagnosis.

Middlebury College Department of Chemistry

Lab Assistant

Middlebury, VT

August 2024 - May 2025

Supervisor: Dr. Lindsey Repka

- Assisted in developing and testing chemical reactions, focusing on improving efficiency and selectivity in organic synthesis.
- Gained hands-on experience with specialized lab equipment including gloveboxes, photoreactors, and analytical tools (GC-MS, NMR).

Middlebury Center for Teaching, Learning, and Research

Office Assistant

Middlebury, VT

September 2023 - Present

- Providing front-desk and student support, welcoming visitors, answering inquiries, and connecting students with tutoring and academic resources.
- Managing daily operations including scheduling, updating materials, and restocking supplies to keep the center running smoothly.

EDUCATION

Carnegie Mellon University

Master of Science in Applied Data Science

Adviser: Jamie McGovern

Pittsburgh, PA

Expected May 2027

Middlebury College

Bachelor of Arts in Statistics

Middlebury, VT

May 2026

Middlebury College

Bachelor of Arts in Molecular Biology and Biochemistry

Middlebury, VT

May 2026

PRESENTATIONS

- 3) Setu, B.,** B. Charron, and J. Hanson. May 2026. "Hoary Bat Migration Analysis." Oral presentation given at the Statistics Consulting Senior Seminar. Middlebury, VT, USA.
- 2) Setu, B.,** M. Abbas, N. Lee, A.J. Garcia, and B. Charron. April 2026. "How are Stormont Vail Health patient encounters shaped by social factors and patient demographics?" Talk given during Middlebury's DataFest competition. Middlebury, VT, USA.
- 1) Setu, B.** and N. Pineiro. April 2025. "Photo-catalytic Demethylation of Dimethylbenzylamine in Oxygen-Free Conditions." Research presentation given during the Middlebury Spring Symposium. Middlebury, VT, USA.

TEACHING EXPERIENCE

- Undergraduate Teaching Assistant** Middlebury, VT
STAT 218: Statistical Learning September 2025 - December 2025
Teaching responsibilities included holding office hours for students to help develop proficiency with R and RStudio for implementing methods such as classification, clustering, and tree-based models.
- Tutor** Pacific Palisades, CA
Mathnasium September 2021 - July 2022
Tutored K-12 students in math concepts ranging from basic arithmetic to advanced algebra and calculus, tailoring instruction to individual learning needs.
- Tutor** Venice, CA
Kumon September 2018 - March 2020
Tutored K-8 students in math concepts ranging from basic arithmetic to advanced algebra.

SERVICE

- Middlebury Symposium** Middlebury, VT
Event Coordinator Assistant April 2026
Worked with the Quantitative Center faculty to help ensure the Middlebury Symposium, an annual forum of presentations from research ongoing throughout the college, ran smoothly.
- Distinguished Men of Color** Middlebury, VT
Community Outreach September 2024 - May 2025
Served on the board of the Distinguished Men of Color, a club at Middlebury College. Responsibilities included mentoring underclassman navigating life in college and coordinating proper notification of club events.
- Palisades Ambassadors** Pacific Palisades, CA
Ambassador Jan 2020 - June 2022
Volunteer responsibilities included regular beach clean-up efforts, ensuring hydration during the LA marathon, and other impactful events throughout the community.

AWARDS

- Middlebury College Graduate Honors: Cum Laude** Middlebury, VT
Honor given to graduating seniors for their cumulative GPA (3.89) May 2026
- DataFest: Best Presentation, Best Graph** Middlebury, VT
Awards given during the Middlebury DataFest competition April 2026
- College Scholars List** Middlebury, VT
Recognition of academic achievement among undergraduate students Fall 22-24; Spring 23-25
- Posse Foundation Leadership Scholarship** Los Angeles, CA
Full Tuition Scholarship for outstanding community leaders June 2022
- Convey-Egan-Mortensen Memorial Scholarship** Pacific Palisades, CA
Award for good moral character and maintained outstanding academic achievement June 2022
- PTSA Community Service Scholarship** Pacific Palisades, CA
Recognition for extensive community outreach June 2022
